

Les soustractions jusqu'à 10

Calcul • Combien en reste-t-il ?

Prénom : Date :

1 Les Poké Balls barrées sont parties. Combien en reste-t-il ?

 $7 - 3 =$

 $5 - 2 =$

 $9 - 4 =$

 $6 - 6 =$

 $8 - 5 =$

 $10 - 3 =$

2 Calcule.

$8 - 2 =$

$6 - 4 =$

$9 - 1 =$

$7 - 5 =$

$10 - 6 =$

$5 - 3 =$

$4 - 4 =$

$9 - 7 =$

$10 - 1 =$

CONSEIL POUR LES PARENTS ET ENSEIGNANTS

Faites barrer les Poké Balls qui partent avant de compter celles qui restent. Le lien avec l'addition aide aussi : $7 - 3 = 4$, car $4 + 3 = 7$.
